

Volunteer coordination, centralized.

Simple idea. Lasting Impact.

COMMONS**

BACK OF HOUSE SUPPORT
FOR CHAFFEE NONPROFITS

An integral part of ChaffeeCOMMONS is VIA, or Volunteers in Action - a county-wide shared volunteer database and coordination system. This cloud-based platform from Galaxy Digital is a custom-built, high-end volunteer sign up, communication, coordination, and management system that CCCF is hosting and making available to Chaffee County.

Volunteer coordination is often organization-centric, with nonprofits having lists of volunteers without the capacity or system to truly give those volunteers the experiences they desire.

Community Benefits

- ✓ Volunteer-centric model promotes catering to volunteers instead of orgs
- ✓ **Ability to peruse and sign up for any number of opportunities in line with personal passions and skills**
- ✓ Track your hours easily and share your accomplishments to promote volunteerism
- ✓ Get relevant notifications as desired about specific causes, jobs you've signed up for, and more
- ✓ **Trust that your information is safe and secure and used for volunteering only!**

Nonprofit Benefits

- ✓ **Branded opportunities page to highlight all the ways to get involved with your org!**
- ✓ Ability to email and SMS specific groups of volunteers
- ✓ Waitlist feature allows for automatic notifications and signups whenever a volunteer cancels.
- ✓ CCCF provides dedicated support and guidance.
- ✓ Premium platform at reduced rates through shared cost model
- ✓ **Recruit more volunteers through shared marketing of central platform**

An example of what Chaffee County will experience can be found at EstesVolunteers.org. Prominently promoting visitors to sign up to volunteer will increase overall civic engagement in Chaffee, and **allow community members the chance to know all the ways they can give back.**

Community members see posted opportunities, can search by cause, time/date, organization, and more. In addition, a robust calendar view helps display opportunities as well.
